02881 *Morassina*

2881-201

2881-301

2881-303

2881-304

Morassina is made from the backside of old tiles that are more than 100 years old, giving it a patina and a sense of history that is hard to replicate. It produces a calm and pleasant effect that adds warmth and character to any piece of furniture. It fits very well with broken corners and rough stone in combination with the linear effect.
