Alcamo Travertine

LamiGraf 

Alcamo Travertine

*Serene
Versatile
Contemporary*

Alcamo Travertine offers a contemporary and sophisticated interpretation of traditional travertine, celebrating its natural beauty while incorporating modern design elements to create a serene and eternally elegant design. A neutral color palette is employed to complement the natural beauty of travertine, with soft tones that convey a sense of calm and tranquility whilst providing versatility to all spaces.

Bali

Bali

*Comfort
Stylish
Modern*

Bali is an invitation to the fusion between the classic beauty of Walnut and the contemporary elegance of modern designs, resulting in spaces that exude comfort, sophistication and timelessness. From the softness of light colors to the depth of dark tones, this design reimagines the Walnut wood and transports us to spaces where anything is possible.

Terranova

Terranova

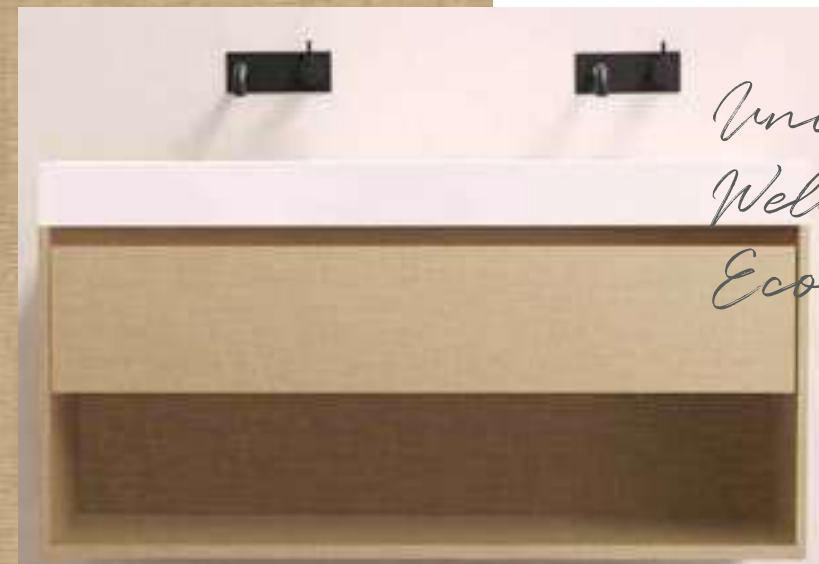

*Timeless
Luminous
Refined*

Acclaimed for its exuberant natural beauty, Terranova brings with it the perfect fusion between contemporary modernity and the timeless serenity of Alabaster stone. Known as the 'onyx of the ancients', this material exudes an aura of timeless charm and refined elegance, transforming spaces with its captivating and serene presence.

Cairo

Cairo

*Unique
Welcoming
Ecological*

In line with growing environmental concerns, Cairo embraces and values sustainability as a fundamental principle, whilst incorporating contemporary elements to create a truly unique and modern design. Its distinctive aesthetic, combined with a soft, welcoming color palette, promises to not only create visually stunning spaces, but also inspire a lasting ecological commitment.

Conjo Oak

Conjo Oak

*Natural
Comforting
Traditional*

A rustic and elegant wood, Conjo Oak tells the story of its journey through time through its knots, slight cracks and elements that celebrate its irregular beauty and distinct natural characteristics. With earthy tones ranging from light to dark brown, this design evokes a feeling of connection with nature, bringing the serenity and warmth of natural environments into interior spaces.

Everest

Everest

*Striped
3D Effect*

Inspired by peaks and valleys, Everest challenges us to reimagine the concept of striped wood with a new perspective. Its modern and versatile aesthetic promises to transcend expectations by creating spaces that are visually impactful and, at the same time, warm and inviting.

Wagami

Wagami

*Recycled
Unique
Versatile*

A nice and warm recycled paper material. Wagami is a decor that can be used as paper, stone or hybrid design. Can be applied in worktops, cabinets or wall panelling, creating a unique and versatile atmosphere.

Greta

Greta

*Hybrid
Elegant
Harmonious*

Hybrid and unique design, Greta evokes the rustic personality of raw stone and the soft elegance of concrete, providing a fluid transition between both styles, depending on the tone in which it is applied. This harmonious fusion between elements gives Greta a unique versatility, capable of adapting and enhancing the aesthetics of any environment.

Manitu

Manitu

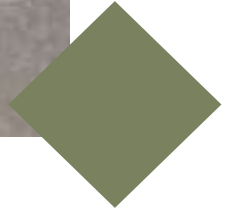

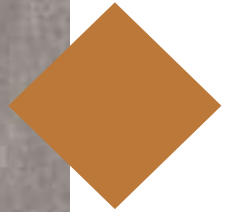

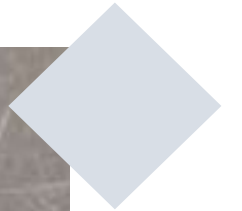

Exotic Twist
Warm
Classy

Differentiating itself from traditional and classic acacias, Manitu invites us to a reinterpretation of this exotic wood, resulting in a softer and more contemporary final aesthetic, enriched by warm and natural tones. Remarkably elegant and versatile, it harmoniously integrates a variety of design styles, adding a dose of sophistication and warmth to any interior.

Austin

Austin

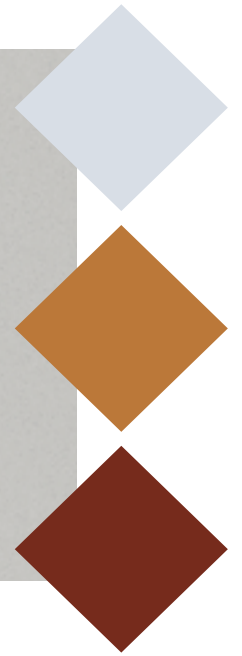

*Authentic
Elegant
Gentle*

Full of personality and authenticity, Austin is a modern and elegant expression of pine wood. With its soft cracks and a vibrant range of tones, it achieves a perfect balance, capable of being both the protagonist of spaces when presented in medium and dark tones, and a soft and easy-to-match wood when used in soft and serene colors.

Áris

Áris

*Distinctive
Versatile*

With a unique ability to transition between light and dark tones, Áris offers an excellent alternative to replace unicolors and unimetals when applied in soft and welcoming colors. However, when presented in more vibrant and saturated tones, this design becomes the undisputed protagonist of spaces, standing out with a captivating and sophisticated presence.

Dallas

Dallas

*Singular
Pleasant
Chic*

In a harmonious union between wood and fantasy, the innovative and unique Dallas design emerges. When presented in a soft and calm color palette it exudes a serene and welcoming atmosphere, while medium and deep tones give a feeling of elegance and grandiosity. Dallas not only offers a captivating aesthetic, but also invites a unique sensory experience, elevating spaces to new heights of style and sophistication.

Iris

Digital Print Innovations

Iris

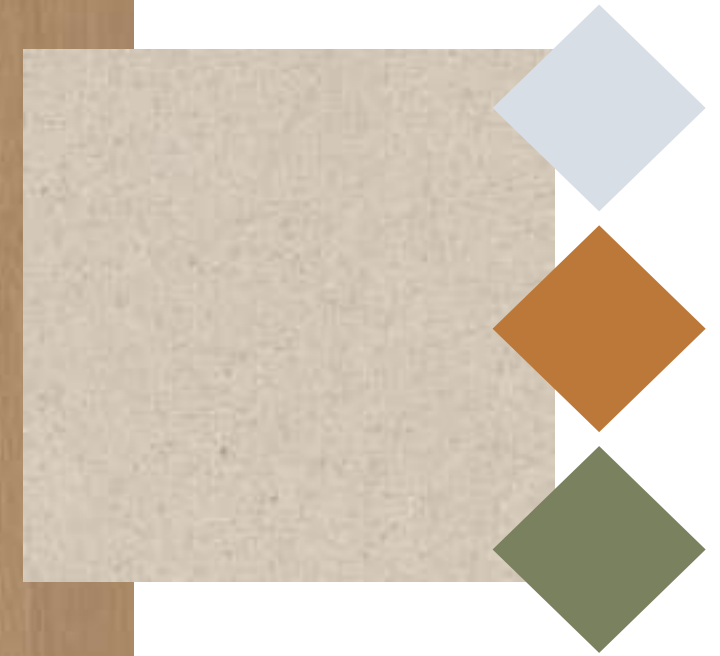

*Modern
Hybrid
Distinctive*

Design that combines the robustness of cement with the delicacy of the weave, Iris fuses modern industrial style with artisanal finesse, resulting in a standout piece that attracts the eye and adds personality to any space. Its hybrid design invites us to appreciate the beauty in the fusion of contrasting materials, providing a moment of contemplation and inspiration amid the rush of everyday life.

Java

LamiGraf 

Java

*Contemporary
Timeless
Harmonious*

Java is a celebration of the natural and harmonious beauty of oak wood, seeking to capture its timeless and elegant essence. Wrapped in contemporary elements, this design integrate into a variety of spaces and decoration styles and its versatility in terms of structures and tones allows for a fluid and refined incorporation into any space.

Olympus

Olympus

*Modern
Striped wood
3D Effect*

In response to recent trends observed at the sector's main fairs, we present Olympus: a modern and elegant interpretation of the striped wood. With striking contrasts of light and shadow and an irregular application, this design embodies the authenticity of wood with the modernity and three-dimensionality of traditional striped decors, making it the ideal choice to bring innovation to any space.

Litos

Litos

*Exotic
Peaceful
Sophisticationed*

Litos is a celebration of the resilience and natural beauty of eucalyptus, presenting a contemporary and elegant approach to this exotic wood. With clean lines and color modulation, Litos invites you to a unique visual and tactile experience. Its versatility allows fluid integration into a variety of spaces, providing a touch of sophistication and tranquility wherever it is applied.

Levante

Digital Print Innovations

Levante

*Innovative
Contemporary
Geometric*

Levante is more than just a wood, it is a nostalgic narrative of the passage of time, rooted in an innovative and contemporary approach to using this familiar material. By fusing the natural beauty of wood with geometric precision, this concept brings to life spaces that are not only visually striking, but also functional and inspiring, inviting us to explore the intersection between past and present, nostalgia and innovation.

LamiGraf

Verona

Verona

*Cozy
Timeless
Homely*

Harmoniously combining natural elements with a touch of boldness, Verona embodies the ideal balance between contemporary and rusticity. Natural oak wood with soft cracks, is the perfect response to the growing appeal of reinvented rustic styles, with an aura of sophistication and timeless charm.
